Book Buzz

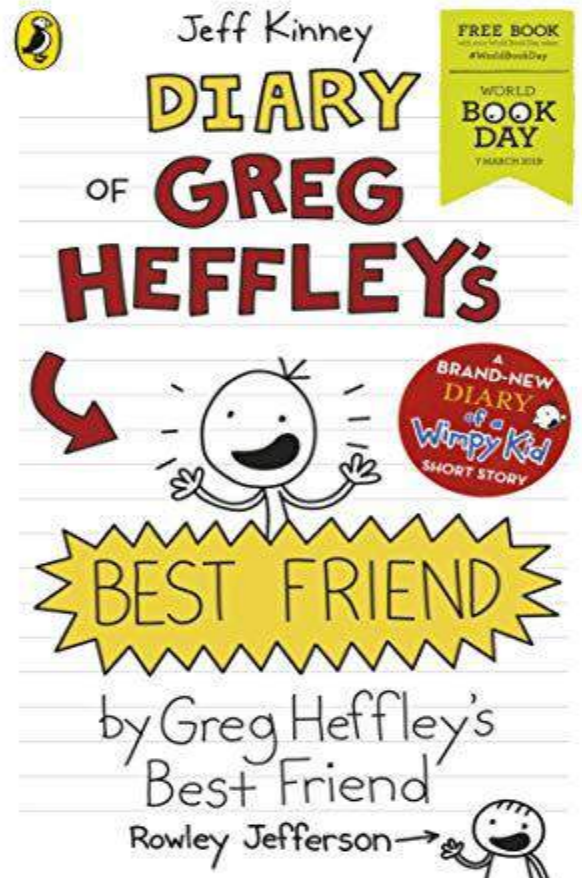

You get an amazing knowledge and information from books. Reading a good book takes you in to a new world and helps you relieve your day to day stress. It improves your focus, memory, empathy, and communication skills

Grade 5 students read various books on varied genre authored by J K Rowling, Enid Blyton, Hidenori Kusaka, Geronimo Stilton, Jeff Kinney, Roald Dahl and many more during the month of June 2024.

Students also got books issued on weekly basis.

Geronimo Stilton World

Classroom Scoop

SST-Students were at their creative best to model a globe of their own as part of an activity from the lesson 'Globes and Maps'. The young enthusiasts used different materials like Old CD and Play Dough to represent land, water and continents on their very own handcrafted globe. Students enjoyed this activity and loved working with their friends in the classroom.

Science :- Germinating Moong Dal seeds at home and observing the stages of germination was a captivating experience to the students. Through real life instances in agriculture, students gained knowledge about the entire agricultural process, from land preparation to post-harvest activities. They also made foldable handout to depict the different methods of reproduction in flowering and non-flowering plants.

LAR – Students were introduced to Nava rasas (9 emotions) through Bharata Natyam expressions. They enjoyed doing the work sheet on Colour Symbolism, wherein they had to write about the emotions attached to certain colours.

Students collected different types of fallen leaves and made an album of the leaf rubbings with crayons. Some even used paints!! This activity was the prime example of 'Learning by Doing'.

Beyond Classroom

29/05/2024 and 8/06/2024: Parent Orientation session

“A parent is a teacher at home and a teacher is a parent in school and the child is the centre of our universe.”. The parents were briefed about the rules and regulations of the school. Later, respective teachers gave an overview of the various subjects and the activities which would be undertaken in the year ahead. Not to forget, the co-scholastic activities were also discussed that gave the parents an idea of the curriculum which is self-directed with hands-on learning activities that not only give our students a medium to fully utilize their creative talents and energies, but also help them in their all-round development. The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner.

05/06/2024: Environment Day Activity

At Presidency School, RTNagar June is the month which sees a flurry of activities conducted by the Department of Science to commemorate the Environment First Month. Through this week we had students creating their own master pieces using spices, herbs, flowers and many more. Beautiful Paper Bags were hand crafted by the enthusiasts. Each came up with innovative creations, recycling and upcycling so as to ensure that they do their bit to reduce carbon print. The displays and the exhibits left everyone awe-struck and filled all with a sense of pride that the little hands and minds could think so differently. Saluting the creative streak and the sincere thoughts behind it

14/06/2024: Science activity – Mars expedition

In the Grade 5 classroom, students embarked on an exciting journey to explore the possibilities of future space exploration, focusing specifically on the Red Planet, Mars. Through a combination of imagination, research, and creativity, students delved into the mysteries of Mars and articulated their ideas about what the future might hold for human exploration of this intriguing world. The immersive experience enriched students' understanding of space exploration and cultivated a lifelong curiosity and appreciation for the wonders of the universe.

23/06/2024: Science Competition- Upcycling waste

The students of Grade 5 designed beautiful wind chimes, decorative picture frames, pencil holders, and many other decorative items using plastic spoons and forks. The science competition was a resounding success, achieving its goal of promoting environmental consciousness and creativity among students. The participants demonstrated remarkable ingenuity and teamwork, turning waste plastic cutlery into impressive works of art and functional items. This event showcased the student's talents and reinforced the importance of recycling and sustainable practices. The enthusiasm and dedication of the students promise a bright future for innovative environmental solutions. The Grade 5 students displayed exceptional creativity throughout the competition. The students of grade 5 were at their best in terms of creativity.

International Yoga day Theme:- Vasudhaiva

Kutumbakam. Presidency School, RTNagar celebrated the International Yoga Day 2023 themed “Vasudhaiva Kutumbakam” on 21st June,2024. All of us are aware of the benefits of regular yoga practice, that include improved heart health, reduce blood pressure, enhance flexibility, and increase muscular strength. Yoga is also known to improve respiratory function, reduce inflammation, and improve overall mental wellbeing. Dressed in comfortable white outfits and clasping the yoga mat, parents, students and teachers made a beeline to the Assembly Area for the event. As a display, the young yoga enthusiasts presented a rhythmic yoga performance that left all amazed. Post this a yoga marathon by the entire School, including the kindergarten demonstrating their dexterity, kept the momentum going through the special slot allotted for the day. This was one more step as one big family taking those steps to make Good Health our priority.

Special Assembly

Ocean day-Special Assembly: 6-6-2023

The programme began with the school prayer. Comperes took over the stage to commence the assembly with the famous quotes. 'Dance with the waves, move with the sea, let the rhythm of the water set your soul free.' Anshuman presented the thought for the day connected to oceans. Followed by the word, news around us (National, international, sports and weather report) and amazing facts by the students of 5C. A poem on Oceans was recited by Shaaria and explanation by Pratyusha of 5C. Children of primary section showed great enthusiasm and enjoyed the assembly. The students of Presidency School, R T Nagar put up a special assembly to understand the Story behind the celebration of Eid –Al Adha. The festival is all about the essence of sacrifice and charity which signifies the 'willingness to give up ones most beloved possessions for the sake of God.

14/06/2024: Eid-Al- Adha Assembly

The students dressed in their finery played their roles to perfection and added to the festive mode. They presented the essence of this celebration, a song and a dance to showcase the joy of oneness.

Parent Support

Dear Parents,

Parenting Your School-Age Child

What You Can Do

Model the behavior you want to see. Your children are watching and learning from you. Meet your responsibilities, follow house rules, and communicate with respect.

- Make a few important rules and enforce them every time. Remember, children want freedom, so give them choices in smaller matters (e.g., clothing, room decorations).
- Talk to children about what you expect. Post rules and routines where everyone can see them. Fewer “grey areas” mean less to argue about.
- Support their growing bodies. Children this age still need nutritious meals (especially breakfast) and 10 hours of sleep each night.
- Limit time spent watching TV, playing video games, or using the computer. Monitor Internet use for safety, and encourage your children to participate in hobbies and sports.
- Be involved with your children’s school. Talk to their teachers and attend parents’ night and school conferences. Show that school is important to you by providing a quiet space for homework, volunteering in your child’s school, and celebrating your child’s hard work.
- Offer support and understanding when your child has problems with peers. Explore ways to resolve conflicts, but do not interfere. If your child is being bullied at school, alert school staff and work with them to keep your child safe.
- Don’t wait for your children to learn from peers. Educate yourself and talk to your children about your values. Help them practice ways to resist peer pressure.

Remember: Talk to your children, and listen to what they have to say. School age children may sometimes act like they don’t care what their parents say, but they still want your love, attention, and guidance!
