Classroom Scoop

LAR: Subject enrichment activities provide students an opportunity to learn beyond the confines of the classroom. Students illustrated an imaginary pet and described it by giving it unique features. The activity empowered students to be imaginative and creative

SST: Students created a timeline of important dates in their own lives that helped them to understand the concept of chronology and how events are connected. It also helped them to understanding historical timelines and the significance of events in the past. By making it personal, students were able to see the relevance of timelines and how they can be used to tell a story or convey important information. It's was a fantastic way to make learning about history more engaging and relatable!

MATH: Students created "multiplication flowers" in a great way to visualize and understand the concept of multiplication. This hands-on activity makes learning fun and interactive, helping students recognize patterns, understand repeated addition, and build a strong math foundation.

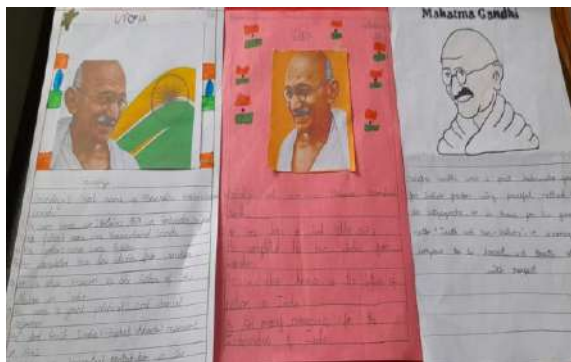

SCIENCE: Students learned about the various features of birds, including how they fly, the functions of their claws and beaks, and the reasons for their migration. They also studied different types of soil and their characteristics. In addition, they explored how soil supports plant growth and the role of soil in the environment. Understanding these topics helps students appreciate the complexity of nature and the interdependence of living organisms and their habitats.

Beyond Classroom

02/08/2024-SST Activity-Utopia: The activity aimed to educate students about the lives, contributions, and sacrifices of India's national leaders. It began on time, with clear instructions provided to the students. Using related pictures, the students actively engaged in the task and successfully completed the activity.

09/08/2024- Role Play -Unsung Heroes:

The activity was designed to develop self-esteem and confidence in students while fostering patriotism. Children gained valuable experiences related to their lives and social situations by dressing up as national leaders, specifically unsung heroes, of their choice. The judges were introduced, and clear instructions were provided on the parameters of judgment, ensuring a smooth and engaging experience for all participants.

Special Assembly

13/08/2024-Independence Day Celebrations:

The Independence Day celebration was a vibrant and spirited event, with students participating enthusiastically in various activities. Students sang a medley of patriotic songs, their voices filled with pride and devotion, resonating with the spirit of freedom. The dances, choreographed to the tunes of these patriotic songs, were both energetic and graceful, reflecting the cultural diversity and unity of the nation. The colorful costumes and synchronized movements added to the festive atmosphere, captivating the audience.

In addition to the musical and dance performances, several students took the stage to deliver speeches. They spoke passionately about the history of the nation, the sacrifices made by freedom fighters, and the importance of maintaining the values of independence. Each speech was a reminder of the struggles endured and the progress achieved, inspiring a sense of responsibility and pride among everyone present.

The event concluded with a collective singing of the national anthem, leaving everyone with a renewed sense of patriotism and unity. The entire celebration was a fitting tribute to the nation's independence, with students actively participating and expressing their love for the country in various creative forms.

Word Wall

Additional, Event, intelligent, compare, construct, continent, Contrast, invitation, irritate, marine, starve, stumble, tackle, Tumble, except, rippling, sailing, honour, charcoal.

Children were encouraged to use these words daily with peers.

Parent Support

Dear Parent,

As we approach the upcoming exams, we emphasize the significance of parent involvement in students' studies. Your active participation can make a substantial difference in your child's academic performance.

Engage with your child's learning by:

- Creating a conducive study environment
- Encouraging regular revision and practice
- Monitoring progress and addressing concerns
- Fostering a growth mindset and stress management

Your contribution can help build confidence, reinforce concepts, and develop essential study habits.

Together, let's support our students' success in the exams and beyond!"

See You Next Time
