Book Buzz

During the library session the students of grade 4 enjoyed reading different story books like Harry Potter, A to Z mysteries, Junie B Jones, Fairy Tales, Usborne series, Ben10 Omniverse Showdown, the more things change, Arrested Development, Gone Fishing, Ben10 of predators and pray, Christmas around the world, The wizard of Oz, Percy and the pirates, Spartacus, The scaredy cat.

Students of Grade 4 enjoyed reading books as they celebrated Independence Day by making amazing posters to remember this day!

Classroom Scoop

SST– Coastal Plains - Students did the Map Activity to understand the divisions and importance of Coastal Plains.

The characteristics of each division were explained, and students were asked to mark the divisions of Coastal Plains in the given map. Students gained knowledge about the divisions of Coastal Plains and their features.

Math – Multiplication- In order to comprehend the concept of multiplication as an extended activity, they came up with fabulous ideas of elaborating the concepts of multiplication and division related to real-life instances. They displayed the product of 20×12 and 10×24 by cross and knot method to verify the order property of multiplication.

Hindi : Indian Festivals –

Students made colorful collages picturizing different Indian festivals. They learnt about the importance, significance and the culture hidden behind these festivals.

Beyond Classroom

SST Activity – Fundamental duties - 2.8.2024

To recognize the importance of individual roles in maintaining a healthy community.

To cultivate kindness and understanding towards others in the community.

The activity began on time and children were given clear instructions. The students completed the activity in time. Students learned that every small action could make a big difference in our community. Students learned that being a good citizen is important because it helps our community be a better place. They were proud to have been a part of this activity.

SST Competition Soil erosion and conservation- 9.8.2024

To educate and raise awareness about Soil conservation and erosion among students through a creative poster making activity. Poster making competition was organized for students of Grade 4 on the theme of Soil Conservation. Students expressed their creativity and showcase their understanding of Soil conservation.

Special Assembly

Independence Day Special assembly on 12-8-2024 –

The students of grades 1 to 5 were all excited as they assembled in their tricolors for a program on a very special event. The program commenced as usual with the school prayer by the choir. This was followed by the variety entertainment they were looking forward to. We had patriotic songs, speeches in English and Hindi, traditional fashion parades, role plays and dances. We also had the students of grade 4 bring up the History of our National Flag and a talk on Pingali Venkaiah who designed our National Flag. Overall, the program was a great success. Finally, our Principal, Ms. Rekha Vinod, addressed the students on this special day. The program concluded with the rendition of the National Anthem.

Parent Support

Dear Parent,

As we approach the upcoming exams, we emphasize the significance of parent involvement in students' studies. Your active participation can make a substantial difference in your child's academic performance. Engage with your child's learning by:

- Creating a conducive study environment
- Encouraging regular revision and practice
- Monitoring progress and addressing concerns
- Fostering a growth mindset and stress management

Your contribution can help build confidence, reinforce concepts, and develop essential study habits.

Together, let's support our students' success in the exams and beyond!"

See You Next Time
